Destination Info

With a Native American heritage and a distinct Spanish flavour, Mexico is vibrant, colorful and unique. Its varied terrain ranges from cactus-studded deserts to white sandy beaches and blue waters, tropical rainforest and jungle-clad hills to steep rocky canyons and narrow gorges, and from snow-capped volcano peaks to bustling cities.

Since the height of Mayan and Aztec civilisations, Mexico has suffered the destructive force of the Conquistadors, European colonial rule, civil and territorial wars, rebellions, dictatorships, recessions and earthquakes. Yet its people remain warm and friendly, much of the countryside remains unspoilt by development, and its cities display a unique style of architecture. The extraordinary history is reflected in the ancient Mayan temples strewn across the jungles and ruins of Aztec civilisations, rural indigenous villages, Spanish colonial cities and silver mining towns, and traditional Mexican ports.

Buildings display a unique combination of colonial and pagan architecture, blending together Art Nouveau, Baroque, Art Deco and Native American design into the structure of their churches and public structures. The country's culture displays a similar blend of the traditional and modern, where pagan meets Christian in a series of festivals, or fiestas throughout the year.

Besides a combination of unique culture and fascinating cities, Mexico also boasts several hundred miles of coastline extending down through both the Pacific and the Caribbean, which has branded the country as a popular summer retreat destination. Beach resort cities such as Acapulco, Cancun and those of the Baja California peninsula are accepted vacation havens. The countryside is also rich in archeological treasures with pyramids, ruins of ancient cities and great stone carvings of ancient gods standing as testament to a country once ruled by the Aztecs and Mayans.
